YANMAR
Micro Cogeneration System
Generate your own electricity, heat and hot water with a single unit!

Welcome to Mack Boring & Parts Co. For over 90 years, we have been a reliable, industry-leading supply chain partner for diesel and related products. Discover how we can optimize your power and propulsion systems and processes.

- Recreational Marine**
Mack Boring exclusively provides Yanmar for sail and powerboats. Yanmar is #1 for 9-900 hp recreational marine diesel. [Go to see for more info.](#)
- Commercial Marine**
We supply light to heavy-duty commercial marine engines from 75-2150 hp. Excellent availability, durable engines and Mack Boring support is a winning formula. [Go to see for more info.](#)
- Industrial**
If you seek industrial diesel engines and power units from 5-520 hp, you've come to the right place. We build basic and custom power packs and provide repower diesel. [Go to see for more info.](#)
- Generators**
Mack Boring manufactures GLOBAL POWER PRODUCTS® diesel generators in open frame and enclosed packages from 8-100KW. [Learn more about GPT diesel generators.](#)
- Training Services**
Since 1969, Mack Boring has trained over 20,000 diesel owners, mechanics, OEMs, military personnel, and trainers. Training Services is our specialty. [Learn about our services.](#)

PORTFOLIO

INNOVATIVE PACKAGING THAT CREATES SUCCESS FOR TODAY'S LEADING BRANDS

Aluminum packaging offers unsurpassed barrier properties, keeping food and drink, pharmaceuticals, personal care, and health and beauty products fresh and safe. It guarantees longer shelf life and contributes significantly to the sustainability of packaged products.

The bright or matte metallic finish of aluminum and its compatibility with all printing technologies combine to provide designers enormous opportunities to create packaging with stunning graphic design, brand identity and shelf presence.

NEW BRAND LAUNCH

The screenshot shows the LumaNEXT website homepage. At the top, the LumaNEXT logo and tagline 'Above and Beyond' are on the left, and navigation links for 'Features', 'News', and 'Contact' are on the right, along with a phone number '201-760-4150'. A blue banner below the header says 'Visit us at GlobalShop Booth #1727'. The main hero section features a large image of a retail store aisle with a LumaNEXT ceiling luminaire and a power station. Text on the right reads 'LumaNEXT™ The revolutionary patent-pending low-voltage illumination system that rules the retail shopping environment.' Below this are 'Contact Us' and 'Watch Video' buttons. A 'Learn More' link with a dropdown arrow is centered below the hero image. The lower half of the page has a green background with a PDF icon and the text 'Learn more about the LumaNEXT™ System'. Below this is a form to 'Enter your email address below to download the FREE LumaNext System PDF.' with an 'Email' input field and a 'Download PDF' button. The bottom section is titled 'The Patent-Pending LumaNEXT™ Illumination System Components' and features four items: 'POWER STATION' (Plug-and Play 24-volt DC power converter), 'DISTRIBUTION HUB' (Feeds uninterupted power to as many as 24 devices), 'CEILING LUMINAIRE' (Low-voltage, dome-shaped design requires no transformers, bulbs or ballast), and 'enlighted SENSOR' (Smart sensors enable customized control and data collection).

The screenshot shows the homepage of Tight Lines Advisors. At the top, the logo 'TIGHT LINES ADVISORS' is displayed with the tagline 'Manufacturing Performance Consultants' and the slogan 'Value from the inside out.' Navigation links for 'ABOUT', 'METHOD', 'WHO WE SERVE', 'CASE STUDIES', 'NEWS & BLOG', and 'CONTACT' are visible. The main banner features a person fishing with the headline 'With Tight Lines, Sustainable Improvement and True Value Creation Are Just the Beginning.' Below this, the text 'Manufacturing Performance Consultants' is followed by a sub-headline: 'In overcoming today's rapidly shifting market conditions and business challenges, Tight Lines Advisors helps companies achieve greater operational efficiency, performance and value.' A central image strip contains three sections: 'WHO WE ARE' (showing hands shaking), 'WHAT WE DO' (showing a meeting), and 'WHO WE SERVE' (showing a factory). Below this is a 'WHAT WE'VE DONE' section with a photo of a worker in a cleanroom and a 'READ MORE' button. The bottom section is titled 'CONTACT' and includes the company's address, phone number, email, and social media links, along with a contact form with fields for name, email, and message, and a 'Send' button.

At Tigerpak, custom means more than the customized packaging, shipping and warehouse products we're well known for. It means working with you to deliver the right product for the application in a way that fits with your individual business.

In today's work environment, we recognize that you need more than a large stock inventory, speedy delivery and competitive prices. We must deliver service tailored to your needs. And our experienced Customer Service reps are just that.

That's the Tigerpak customer advantage.

:ORION
Elucidating 4,000 years of art and artifacts

About Services Media Contact

Experienced

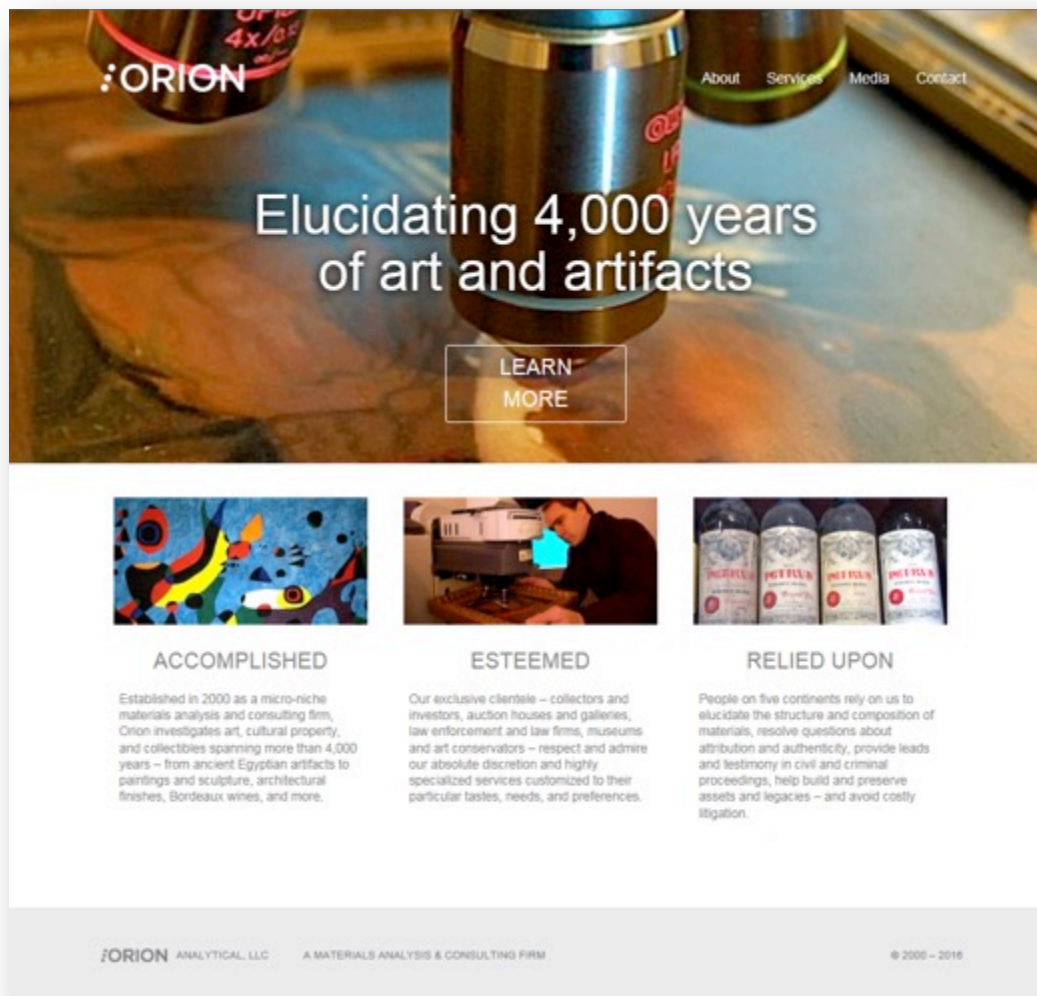

Established in 2000, Orion investigates fine and decorative art, cultural property, and collectibles spanning more than 4,000 years – from ancient Egyptian artifacts to paintings and sculpture, architectural finishes, Bordeaux wines, and more.

Relied upon

Orion exists because people on five continents rely on us to help build and manage their collections, assess attribution and authenticity, and avoid costly litigation.

Esteemed

As the first privately held firm in the United States to specialize in such matters, collectors and auctions houses, law enforcement agencies and attorneys, museums and art conservators esteem Orion for our unparalleled expertise and achievements.

LEARN MORE

ACCOMPLISHED

Established in 2000 as a micro-niche materials analysis and consulting firm, Orion investigates art, cultural property, and collectibles spanning more than 4,000 years – from ancient Egyptian artifacts to paintings and sculpture, architectural finishes, Bordeaux wines, and more.

ESTEEMED

Our exclusive clientele – collectors and investors, auction houses and galleries, law enforcement and law firms, museums and art conservators – respect and admire our absolute discretion and highly specialized services customized to their particular tastes, needs, and preferences.

RELIED UPON

People on five continents rely on us to elucidate the structure and composition of materials, resolve questions about attribution and authenticity, provide leads and testimony in civil and criminal proceedings, help build and preserve assets and legacies – and avoid costly litigation.
