MORE SERVICE & SUPPORT

Today, tomorrow and down the line.

From engineering to global sourcing to warehousing, and everything in between, EmpireEMCO is your partner for the most innovative, efficient and profitable packaging solutions. With your “today” solution as our highest concern, we also look to tomorrow to anticipate your future needs and how to maximize short and long-term opportunities that will drive your bottom-line growth.

MORE PASSION & DEDICATION

Nobody gets into what they do like we do.

Inside? Well not literally, it just seems that way. As individuals and as a team, our packaging professionals love what they do and work with commitment and dedication. They love “getting into their work” and developing solutions, that no matter how simple or complex, make our clients happy and confident that they’ve made the right choice in partnering with EmpireEMCO.

MORE PEACE OF MIND

Stop wishing. Stop worrying. Just ask EmpireEMCO.

You’ve probably heard words like these at some time. “I don’t think something like that will work,” or “You’re going to have to wait longer for that,” or “I don’t have anyone who I can call for that.” And you may have spent a sleepless night or two because of them. But with the help of EmpireEMCO, you can rest easy because we won’t rest until you’re satisfied and smiling. You have packaging problems and we love solving them. It’s that simple.

MORE CHOICES & SOLUTIONS

A world of resources from every corner of the globe.

At EmpireEMCO, we partner with an endless portfolio of trusted, highly professional packaging partners who help us provide our customers with custom-tailored solutions for each and every project. We understand the challenges that may arise when selecting the ideal package, so with our knowledge and experience to guide us, we scour the globe to find the optimum solution for your precise needs.

MORE SERVICES. MORE SOLUTIONS. MORE SMILES. Packaging Design Services

There is a misconception that custom packaging is too expensive, difficult, or unsealable. In reality, a custom package is often a viable option when there is an understanding of all the variables and finding the proper fit. EmpireMCO has developed strategies for many different custom packaging needs. Its not about selling you what we have, we find a solution to provide you with what you want. We can find just about anything required for a specific item and with our host of decoration options, we can often take standard items and render them into unique and attractive show-stoppers.

From designs engineered with todays innovation, EmpireMCOs award-winning staff has the experience and the solutions to help you market your product. Call us and let us help you find the right packaging solution.

“ I approached EmpireMCO because I needed to consolidate the number of suppliers we used and have ease of inventory management. The Empire Team researched options that would meet our needs then took the time to present the various options to us. They worked with us through various options ultimately finding the best one that suited our needs while saving us money. I enjoyed working with the Empire Team. One thing I liked was their friendly, smart, timely approach and delivery of the solutions that met our needs. I know that if I have a request, it will be handled in a timely manner and options I may not have thought of will be presented. The experienced staff at EmpireMCO really knows what they are doing. I would recommend EmpireMCO to anyone that wants a team that works well together and works to make your life easier. ”

-Michele Verwerk, Director of Purchasing, Scruples Hair Care
